Kavaliers Will Be Featured Here At Minden's 8th Winter Carnival

The much talked about Kavaliers will be one of the big attractions at this year's Minden Winter Carnival. The Kavaliers are a drum and trumpet group from Lindsay. This band has played all across Canada and was recently heard at Expo in Montreal.

The Kavaliers will take part in the Carnival Parade on Saturday and will play throughout the week end in the Arena.

Another must to see is the hockey game between the local juveniles and the old time juven-

iles. The old boys will look somewhat different than the present team, but they are expected to give the crowd something to cheer about.

For the Snowmobile enthusiasts Minden will stage one of the winter's big time snowmobile meets. All the best machines from Central Ontario will be here after the many prizes and trophies. This year's meet will feature a drag race. This event is said to be the first of its kind in Canada. Many thrills can be expected

for the track in the Fair ground is one of the best in Ontario.

A highlight on Friday Evening is the Annual Carnival Queen Contest. Many entries are expected for this glamour show. Of course for the participants there are cash prizes, many gifts and a trip to Toronto. The winner will also receive the Minden Progress Trophy.

There is fun for the entire family at The Minden Winter Carnival — plan to attend, Friday, Saturday and Sunday, February 2, 3, 4.

HELD FRIDAY, JANUARY 12TH AND SATURDAY 13TH HALIBURTON TEACHER'S INSTITUTE CONVENTION

The Haliburton Teachers' Institute Convention was held Friday, January 12 and Saturday, January 13 in the Archie Stouffer Public School at Minden. Approximately 75 teachers, supply teachers and student teachers were in attendance.

Miss Margaret O'Keefe, Primary Supervisor of Separate Schools of Peterborough instructed in the use of the graph in the new mathematics programme.

Mr. Douglas Inglis, Principal of Orde Street Public School, Toronto and former Toronto Board of Education carried on a workshop for the two days, in geometry, using the investigation approach in group situations in mathematics. He proved mathematics can be fun with games and also meaningful as drill devices.

There was a display of new text books and materials available in mathematics.

Luncheon on Friday was served by the ladies of Zion Church, Carnarvon.

Our visitors enjoyed our beautiful Haliburton Highlands scenery

on a lovely brisk sunny, January day.

Our convention and workshop proved very successful and those teachers who attended received greater insight into this new phase of mathematics.

MINDEN FIGURE SKATING CLUB MAKE PLANS FOR CARNIVAL

The Executive of the Minden Skating Club have been working hard making plans for the coming Skating Carnival. Mrs. Pat Gillogly has been putting the girls and boys through their routines which they will display on Carnival night.

This year's presentation will be "The King and I" which will be a colourful production with many beautiful costumes. The club did not have a carnival last year so they are looking forward to seeing a large crowd carnival night which will be held February 17th.

The club is also pleased to have some boys in the carnival this year and with the increase in membership to approximately 52 children this will no doubt be one of the better presentations.

Annual Report Of Hyland Crest Auxiliary

I, the Secretary for 1968 have been requested to submit a resume of the activities of the Auxiliary of the Hyland Crest Senior Citizen's Home for 1967.

The 17th regular and the second Annual Meeting was held in the Craft Room of the home, Tuesday evening, January 9th, 1968 at 8 p.m. with a not so good attendance. How about it?

Mrs. Grace Coburn, the President, stated that Canada's Centennial had a very special significance for Haliburton County in that we were the recipients of this very beautiful Hyland Crest Home; outlining some of the highlights of 1967.

A Doll Display entitled "History in Miniature" sponsored by the Ontario Centennial Planning Branch of the Department of Tourism to which we added a display of antiques, some members wearing centennial costumes.

In May a Centennial Fun Party with Mr. Bob Harvey Sr. providing a fine program; decorated box lunches were auctioned and the Provincial and Federal members of Parliament were present as well as our Warden and Reeve.

In November our Fall Bazaar tea and bake sale, which we hope will become an annual event; Crafts made by the residents were sold, with Doreen and Leonard Stinson bringing their donut machine for on-the-spot donuts, which were a huge success.

At Christmas — gift item for residents, presented to them after a special Christmas sing-song,

with Mr. Sid Brown making a wonderful Santa Claus.

There was also a concert by the famous "St. Barts" choir boys. A Thanksgiving concert presided over by Bob Harvey Jr. under the direction of Mr. Bob Morrow and a local group known as "The Village Greens".

The Madrigals, under the direction of Mrs. Norman Finney assisted by the Maple Lake Anglican Junior Choir also entertained. Muriel and Bud Medley held an evening of bowling — proceeds provided extra kitchen equipment.

These were just some of the extras as the regular auxiliary activities went on through the year — Crafts, Monday and Wednesday afternoons; Bingo, Tuesday afternoon; Tea Party, Thursday afternoon with special birthday tea party once a month, Friday afternoon, sing-song.

The reports of the Recording Secretary, Doreen Stinson; the Corresponding Secretary, Mrs. Margaret Horsley; the Treasurer's report by Mrs. Flo Dollo which was audited by Mr. G. Bibby and Mr. Lorne Coburn, and Mrs. Bursey's Membership report were most interesting. 'We need more members'. The fee for 1968 will be \$1.00.

We also had election of officers for 1968 which were as follows: President Mrs. Elsie Bursey, 1st Vice President, Mrs. Doreen Stinson, 2nd Vice President Mr. Harold Herlihey, Secretary Mrs. Mary Collicutt, Treasurer Mrs. Flo Dollo Past President Mrs. Grace Coburn.

This about sums it up — the

next regular meeting will be held in the Craft Room of the Home on Tuesday, February 13th, 1968.

HALIBURTON SCHOOL OF FINE ARTS PRESENTS BURNABY PRINT SHOW

The Haliburton School of Fine Arts will present its first Exhibition in the new Art Centre on Highland Street in the Village of Haliburton. The Exhibition is the Fourth National Burnaby Print Show, and comes through the courtesy of the Art Institute of Ontario. The show runs from January 25th through to February 8th, from 2 to 4 p.m. each day except Sundays.

The School of Fine Arts is also happy to announce that Mrs. Katja Jacobs-Kennedy of Toronto will give a lecture and demonstration of Print-making in connection with this Exhibit on Saturday, January 27th, at 8 p.m.

The Haliburton School of Fine Arts is planning to run a course in lino-cutting during its coming summer program, and this exhibit will be particularly attractive to those who might be interested in taking that course. The school would be pleased to hear from anyone interested in such a course.

The School of Fine Arts extend an open invitation to all, to drop in to see the Exhibit, and that you will also attend the lecture and demonstration on the evening of Saturday, January 27th.

HERE AND THERE

by FENWICK FINCH

Oh wad some power the giftie gie us
To see oursels as others see us!
It wad frae monie a blunder free us.

That expression is well known to fans of Robert Burns. Every day or so in the mail I get letters that give me that opportunity — "to see oursels as others see us!"

Take for instance the following from a thesis written about a year ago by a young student of journalism at Ryerson. Thomas Slater wrote a very comprehensive analysis of the Minden Progress. In this analysis he mentions Fenwick Fench.

"— now Fenwick Fench writes about local weddings, religion, medicine and the price of ripe bananas

Apparently the Fenwick Finch column creates quite a stir among readers. Each week a number of letters come from readers either praising or blasting Fenwick Finch. Readers become involved with this outrageous know-it-all and like it or not they always read the column. One problem with the Fenwick Finch problem is most readers don't know the background of the character. These readers don't realize the column is written in the vernacular of the crusty old-timer. Thus, they think that the grammar and word-usage is terrible. Until I learned the reason for the way the column is written I thought that it was the worst thing I had ever seen published in a paper."

* * * *

So, you see, those who have been criticising me should feel better for here is a college man agreeing with them. This young Slater is a very discerning young man — but he ain't letting me in on nuthin' when he says the writing is lousy — tell me something I don't know.

Anyhow Thomas I appreciate the time and effort that you put into your analysis and I know the Editor and owner appreciated it.

* * * *

The "Minden Centennial project" is still hanging fire. I understand though that the Municipality is just about ready to take some action.

* * * *

Usually when I'm feeling down-trodden someone writes or telephones me and renews my faith in human nature. Last night it was my good friend and staunch supporter, Sam LaBarge. Sam and his good wife Millie are just about the best boosters I have and it is always a pleasure hearing from them.

* * * *

Things are tough all over. I went in to see Dr. Koval last Saturday for a bit of a check up. I'm in great shape. "Doc" I said "I'm having trouble with my memory. I've no sooner said something than I've forgotten it." "How long has this been going on?" the Doctor asked. "How long has what been going on?" I replied. As I said, I'm in great shape.

* * * *

Well, that's another week in the bag. Drive carefully and you'll be around to enjoy our "Winter Carnival"

* * * *

Think on this 'til next week, "to us, a six-pack could be beer or soda pop — to a Martian it could be a brasiere."

Fenwick

HIGH SCHOOL BOARD HOLDS LAST INAUGURATION

On Wednesday night, January 10th the Haliburton County District High School Board had its Inauguration Meeting for 1968. Since the Prime Minister, John P. Robarts of Ontario has announced that there will be one elected County Board of Education for both elementary and high schools in 1969, this will be the last year of operation for the present high school board.

It is interesting to note that two members, Mr. C.H. Irwin of Stanhope and Mr. Victor Shaver of Lutterworth have been members of the Board during its entire history. Mr. C.H. Irwin was the second chairman of the board and served for four years. Mr. V. Shaver was also second chairman for two years. Mr. Ronald J. Curry and Mr. F. Herlihey have also been members almost from the beginning of the board.

Mrs. Janet Hunter, of Glamorgan resigned from the board at the conclusion of the 1967 year. Mrs. Hunter had represented her township for many years with grace and sincerity. She was particularly interested in the progress and the welfare of the students of her township and was constantly reviewing their marks and their contribution to school life generally. At their first meeting the board passed a resolution thanking Mrs. J. Hunter for the services she had rendered the board in those years. Mr. Ross Agnew of Gooderham, has been appointed by Glamorgan Council for the 1968 year. Mrs. Quimby Hess of Sherborne Township also resigned at the conclusion of the 1967 year. Mr. Bruce Keown has become the new representative for this township.

The board spent some time in discussion of the new proposal for schools and everyone acknowledged that this traditional year for school boards is going to be probably the most challenging one in the history of the high school board. The members are most anxious to make arrangements so that when the new board takes over in January 1969 that there will be no serious disruption of school programmes and that the change be gradual and efficient. The board also expressed its desire to co-operate with the other boards in the area during this year.

The board consists of the following members for 1968: —

Mr. F. Harold Herlihey, Chairman, representative of County Council. Mr. C. H. Irwin, Vice-Chairman, Stanhope. Mr. R.J. Curry, representative of Dysart Township School Area Board. Mr. M.W. Broughton, Monmouth. Mr. J. Bernard Trepanier, Anson, Hindon and Minden. Mr. K. T. Plourde, Dysart et al. Mr. Keith Hill, Snowdon. Mr. Ross Agnew, Glamorgan. Mr. Bruce Keown, Shreborne, Livingston and McClintock. Mr. Victor Shaver, Lutterworth.

THANK YOU

We, the Minden area vote "No" Committee, want to thank all those who so wholeheartedly supported the "NO" vote on January 15th.

WHAT DO WE DO ???

We are often asked, "what do the people do in Minden throughout the winter months?" This question comes from many of our out-of-town subscribers, when they are here in the summer months.

Here it is the middle of January, and let me tell you city people something. The people of Minden and district are kept as busy as they want to be. There are very few people here that have evenings or time on their hands.

This thing about keeping busy came to my attention at Rotary on Monday. Rev. Thatcher our Anglican Church Minister here was our guest speaker and explained that since we have quite an investment in the church financially, it should be used every night of the week. From the activities we have noticed at the Anglican Church, Rev. Thatcher is doing just that.

We have a Rotary Club, which I have just mentioned. This in itself keeps everyone who is a member, busy so many evenings throughout the month. Besides the Meetings we have Rotary Bingo, and other projects to work on. This small village of Minden is unique for it supports two service clubs. Kinsmen Club of Minden keep their members active with meetings and projects.

A new Club which started a year ago is the Snodrifters. This is a Snowmobile Club made up of a strong membership. This organization holds regular meetings, besides these, they have planned Snowmobile trips. A good majority of the people here own a snowmobile and keep active in the evenings and on weekends riding around the countryside.

These machines have opened a new door for another sport which keeps a great number of the population busy in winter months. This sport is ice fishing, a glance around some of our lakes and you will find many, many fish huts sprinkled on the frozen surface. These lakes are filled with plenty of Lake Trout, White Fish, Speckles and Rainbow. Many hours are taken up at this past time, and many freezers are filled for summer months.

We have other activities as well as those mentioned above. We have a fine curling Club. Minor Hockey takes the hours of many fathers as they coach and manage the small fry. For the mothers the Figure Skating Club is time consuming for a few. A Rod and Gun Club has many members which keep very active. For the Sportsman, Minden is the only place to live in winter months.

We have two very large and active organizations in the Chamber of Commerce and the Minden Area Businessmens Association. These organizations have a large membership, and for those who want to work, can pass the time very easily.

For a town the size of Minden we support five churches, with their many organizations and groups.

Beside all this we have a very active Winter Carnival Committee, which involves 50 to 60 people. These people have plenty to do organizing the many events and attractions, for Minden's REALLY BIG WINTER show.

We would like to extend a very warm welcome to you city folk, to come and visit us on February 2nd, 3rd, and 4th. We will show you a very active time and send you back to the city ready to relax in your warm apartment.

LETTER TO THE EDITOR

January 24, 1968. aside as being of no consequence.

Dear Mr. Editor,

May I use your fine paper to chat a little with you and Mr. Fenwick.

You know, after reading the flowery speech he gave me in last weeks column, I was almost convinced that it did make a little sense after all. Well at least I am glad that you are still my friends even if we don't see eye to eye on the evils of liquor.

Yes, the people have spoken but we have no regrets, our skirt is clear. Many say, well that question will never come up again. Don't be too sure! The Lord's accounts were not all settled on January 15th.

I agree with you that democracy is a fine thing but we can really go overboard on our view about it. The idea of personal rights is fine. However, when one sets his own rights over and above that of the Creator, we may be headed for trouble by our decisions.

It is here where the child of God draws the line and obeys revelation rather than reason. The authority of the "Book" is to be heeded and any evil it condemns is real, not just to be brushed

Well hats off to the voters at Ingoldsby, we trust your motives in voting on January 15th were born of a good conscience. Keep up the good work.

You really touched on a big question, Mr. Fenwick when other existing evils were mentioned which seemingly go by unnoticed. Seems almost unbelievable that so many innocent ones are caught in this companion evil. Those who we saw grow up, never dreaming that this would be their lot.

Do you think a little teaching on moderation would have helped? Apparently the "Book" places these evils side by side with the one that was voted on in the plebiscite.

Strange how a person can find a favourite phrase to ease ones conscience. How about this one, a quotation from the wisdom of King Solomon?

"Look not thou upon the wine when it is red, when it giveth his colour in the cup, when it moveth itself aright. (Goes down easy). At last it biteth like a serpent, and stingeth like an adder. Prov. 23: 31,32.

A. Brubacker.

SALE OF LICENCE PLATES ARE LAGGING

Sales of Ontario's 1968 licence plates are lagging nearly two per cent behind last year's pace.

By mid-January, half way through the three-month period for getting the new blue-on-white-plates only 17.3 per cent had been sold, the Department of Transport reports. The figure for passenger vehicles was 330,400, leaving an estimated 1,579,000 still to be obtained before the February 29 deadline.

At the same time last year, 352,000 plates have been sold — 19.1 per cent of the total.

If the trend continues, line-ups in the last few days of February could be the heaviest on record. The increased number of vehicles to be licenced, 65,000 passenger cars more than last year, is a contributing factor.

Plates have been on sales since December 1 at 280 issuing offices across the province for the 1,910,000 passenger vehicles and the 200,000 dual-purpose vehicles (mostly station wagons) and motorcycles.

The 1968 licences for commercial vehicles, trailers and conversion units will go on sale March 1.

Moose Censusing

In order to determine the magnitude of moose population in Ontario, a moose census will be conducted over all of this Province during this winter. The information gathered on this census will be used to evaluate this species in order to manage the population more effectively.

In Ontario a number of randomly selected sampling plots will be

censused. Each plot is four miles square and will cover an area of sixteen square miles. Piston Beaver aircraft will be flown at low level over each sampling plot and all moose seen on the sampling plot will be recorded. When a moose is observed on the pre-selected plot, the area surrounding the observation point will be intensively scrutinized for the occurrence of additional moose which often congregate.

Each aircraft will hold the pilot, two observers, one on each side of the aircraft, and a navigator who will plot the locations of moose as well as advise the course to fly.

For this type of flying, the personnel taking part in the moose census must be selected with care as it is a terrifying experience to some people to be looking directly down the trunks of trees, which, from the height flown, appear as sharp-pointed spears pointing into the sky.

In the Lindsay District, flights will begin in mid-January and will continue until fifteen randomly-selected plots are flown. The observers will be: Conservation Officers, C.K. Barewell and J.C. McCulloch. The navigator will be Conservation Officer, A. Henderson.

During the last Province-wide moose census a population of approximately 125,000 moose was estimated to be present in this Province.

SPORTS

WITH BOB BEENEY

Gerald Hicks and myself attended the annual Little N.H.L. district meeting for this zone at Bobcaygeon last Sunday.

Gord Reynolds from Millbrook who is a former commissioner and steadfast member of the Little N.H.L. executive chaired the meeting.

He was capably assisted by Ken Cawthers of Port Hope who is third Vice-President of the Association and Jim Nichols who is secretary.

Paul Siraki who is a former commissioner for this zone was also present. The meeting commenced at 1:30 P.M. and lasted for more than three hours. There was thirty coaches, managers and executives present from the northern and southern zones.

Steve Bridgewater from Keene was elected commissioner for the Southern zone and Jim Hopkins from Kinmount was elected commissioner for the Northern zone.

Due to changes in the population rule Minden has been taken out of the "CC" classification and pushed upwards into a higher "C" grouping. "CC" classification is for towns under 700 population and "C" is for towns between 700 and 1800.

Both Gerald and I stressed the difficulties with a town like Minden with a population of 900 having to compete with teams that have twice the population and also have a much more populated surrounding district.

I believe that the population rule for towns should be changed into three classifications instead of two for towns under 1800 people. They should be 1) for towns under 500, 2) for towns between 500 and 1200 and 3) for towns between 1200 and 1800. I think that this would be fair for all concern and make for more even competition.

Under the present system Minden must compete with towns the size of Newcastle and Orono.

If the Little N.H.L. stays under the system they now employ they will gradually freeze out teams from towns that are forced to compete with teams that they have very little chance in beating or even competing with.

This year both Minden and Haliburton will play host to a little N.H.L. tournament.

In Haliburton teams from Novice and Bantams will be competing on a date not yet set.

In Minden a Peewee tournament in "C" and "CC" will be held on February 10.

This is the third straight year that Minden has held a Little N.H.L. tournament and were the first to have such a tournament in Haliburton County.

ANGLICAN CHURCH NEWS

On Tuesday evening, January 16th., at St. Paul's, the Anglican Church Women, (who used to be called the Women's Auxilliary), held their annual meeting, and the new officers elected in December were welcomed. Among them were Mrs. Illa Lytle, and Mrs. Molly Noice, who were returned as president and Secretary. Afterwards, everyone climbed the stairs to the Rectory, where a New Year's party was held. Eats were eaten, games were played, songs were sung, amid a great deal of merriment and mirth, and Mrs. Joyce Hewitt took a prize.

On Sunday, January 21st. the Rt. Rev. Donald Marsh, Bishop of the Arctic and Mrs. Marsh were at St. Paul's for the Confirmation Service, and lunched with the Rector and his wife afterwards. Those confirmed were: Lloyd Johnson, Jeff Campbell, Billy Jackson, Brian McGee, Carol Hewitt, Colleen Hewitt, and Mrs. Helen Johnson was received into the Anglican Church. During the service the Bishop dedicated a plaque to Lieut. Pilot. John Bertrand Hartle, R.C.N. who was killed in 1951, at 26 years of age while flying off the aircraft carrier "Magnificent". Mrs. D.B. Hartle donated the plaque, which is now on the South Wall of the Church.

ECUMENICAL SERVICE AT ST. PAUL'S

On Sunday evening an ecumenical service was held at St. Paul's. This was attended by people of many denominations, including United Church, Roman Catholic, Anglican etc. and the

congregation numbered nearly seventy people. The sermon was delivered by the Rev. Noel McNeill, of the United Church, and judging by the comments afterwards everyone found it exhilarating and meaningful. The people then met each other in the Parish Hall, and all were in full agreement with the Rector, the Rev. K.A. Thatcher, when he said that it was a great pity these services only took place once a year when directed by the Canadian Council of Churches, and that he would like to see at least a couple more during the year. Everyone enjoyed the refreshments provided by the ladies of the United Church and St. Paul's. The offering at this service has been forwarded to the Canadian Council of Churches. **ANNUAL VESTRY MEETING AT ST. PAUL'S**

The annual Vestry Meeting will be held at St. Paul's on Monday January 29th at 8 o'clock. This will be preceded by a pot-luck supper at 6:30 p.m. It is hoped that all members of the Parish will attend, as there are many items of concern to be discussed.

TWO APPOINTMENTS MADE TO COLLEGE BOARD OF GOVERNORS

A Peterboro industrialist and a Haliburton businessman have been appointed to fill vacancies on the Board of Governors for Sir Sandford Fleming College of Applied Arts and Technology.

Speaking on behalf of Education Minister William G. Davis, and the Ontario Council of Regents, Reverend H.J. Maloney, of Bancroft, chairman of the board of Governors, announced the appointment of J.M. Appleton and R.J. Curry to the Board, in a statement officially released for publication at 12 noon Thursday.

Mr. Appleton is vice president of the Quacker Oats Co. of Canada, and Mr. Curry is president of Curry Motors Ltd., in Haliburton.

They will fill vacancies left by the death of Stuart W. Daniel, of Peterboro, and by Vern Graham, formerly of Minden, who has moved from the area served by the College.

Both Mr. Appleton and Mr. Curry have demonstrated a long interest in education and community affairs. Mr. Curry is a member of the Haliburton Highlands Secondary School Board, and was chairman of that board in 1956 and 1957. He is also a member of the consultative committee on education for Haliburton County and a director of the Haliburton School of Fine Arts.

Before coming to Peterboro in 1959, Mr. Appleton was for 10 years associated with school boards in Kent County, serving as chairman of the boards of both Wallaceburg and Chatham Township.

DOLLARS AND SENSE

Anyone who wants to stimulate a lagging conversation could do a lot worse than to introduce the subject of health insurance. It will almost certainly rouse those present to say what they think of the rising cost of health services.

There is likely to be agreement that really, the costs are terrible and something should be done about it. At this point anyone wanting even more animated discussion can probably get all the vim and vigour they like by saying "Well, what are you doing about it? What is each of us here doing to lower the demands for doctors' and hospital services, which, after all, are the chief item in the costs which determine health insurance premiums?"

Provided one does not mind instant unpopularity one could follow through by suggesting that those present who are smoking cigarettes stop — not for the moment but forever. Studies on emphysema, bronchitis, lung cancer and asthma always come up with the same answer — these diseases (and they take a lot of doctors' time and a lot of hospital days) are far more frequent among smokers than among non-smokers.

Then there is flu. How many of those bemoaning the cost of illness have taken the trouble to be vaccinated against 'flu? Yet the evidence is that it reduces the risk of this disease by about 60 per cent. And the person who hasn't 'flu does not pass it on to someone else. Here's a way we could take a hand personally in cutting down on doctors' bills and hospital days — but how many are doing it?

The unwelcome job of pointing out to us what we are doing to contribute to respiratory illness, and consequently to medical and hospital bills, has been shouldered by the Tuberculosis Associations of this country.

Tuberculosis being extremely serious and important respiratory disease, it was natural that those dealing with it were among the first to realize that as the need and amount of other respiratory for hospitalization of TB decreased disease was rising alarmingly Emphysema, to take one example, now causes ten times as many deaths in Canada as it did ten years ago.

In addition to maintaining efforts to wipe out TB, the Tuberculosis Associations are therefore mounting a respiratory disease programme. It is for the combined effort that they appeal for our help in the Christmas Seal campaign.

**RED CROSS SERVES YOU
EVERY STEP OF THE WAY**

BETTER HALF THAN NOTHING

Shown above is Mr. Hugh Alton, House Mover in Minden travelling past the Progress Office on the Main Street of Minden. The House shown in the picture is just one of two halves. It was sawed in half and moved in two sections.

ACCENTUATE THE POSITIVE

Tens of thousands of New Year resolutions are made each year and very nearly the same number broken. The thought has occurred to us that those resolutions might have a better chance of sticking if they accentuated the positive.

What do we mean by that? Well instead of "I resolve to give up cigarettes", which is very hard for a great many people, make it: "I resolve to have a trip to Europe — and I'll have it on the money I save by doing without cigarettes."

(It can be done. A friend goes to Europe every second summer and finances it by putting in her piggy bank the amount her friends spend on cigarettes. She has a lot of package - a - day

friends.)

If we gave ourselves a reward for doing something we don't want to do — and if we wanted to do it, there would be no need for the New Year resolution — we might find whatever effort is involved worth the trouble.

Instead of concentrating on the disagreeable feature of something we know we ought to do, why not dwell on the dividend? Not "I resolve that I'll go on a diet" so much as "I resolve that I'll have a really nice spring suit this year, (or beautiful golf clubs, extensive fishing tackle or whatever), and I'll take off pounds and have the money because I'll walk any distance less than ten blocks instead of taking the car or bus.

MINDEN DETACHMENT

REPORT

by Constable E. F. Whitney

There are still a few motorists that don't understand the change made regarding stopping for school buses. It is very simple, if the red lights are flashing you must stop when meeting the bus and you must stop behind when overtaking the bus. Under no circumstances are you to pass a bus when it is stopped and the lights are flashing.

The DRIVER EDUCATION COURSE begins this coming Mon-

day, January 29 at 7:30 p.m. at Lakeview School in Haliburton and on Tuesday January 30 at 7:30 p.m. at Minden Public School. If you are interested in attending just be at the school of your choice, there is no registration or registration fee. This course will improve your driving whether you consider yourself a good or bad driver. See you Monday or Tuesday evenings.

WOODS, WATERS AND WILDLIFE

By James Woodford

The advent of winter calls for a change of clothing for wildlife as well as humans. Warmth is the prime requisite, and the natural winter coats of wild mammals and birds of the north are warmer for their weight than anything Man has been able to manufacture, according to the Federation of Ontario Naturalists.

Dead air is the miracle insul-

ator; by obtaining body heat it makes life possible in even the polar regions.

Winter fur and feathers are designed to achieve this end. The familiar northern white-tailed deer, for example, wears a summer polage of straight, slender hairs. The hairs of the winter coat, on the other hand, are not only stout and crinkled, but hollow as well, each containing its own dead air cell. In addition there is a scanty undercoat of fine wool for added warmth.

In birds, insulation has reached near perfection. Feathers in themselves are amazingly effective air traps. With the addition of a dense layer of down, such birds as the sea ducks and the penguins can be blasé about the coldest temperatures.

Birds can also regulate the degree of insulation by compressing their feathers to drive out the trapped air in warmer weather, and fluffing them when it's cold.

Some mammals change to a different colour in winter. The white tailed deer, for example, swaps his summer red for grayish brown.

A few mammals go all the way, donning pure white coats for mid-winter camouflage in the snow. The well-known ermine is nothing more than a northern weasel that has replaced its brown summer hairs with white ones.

The varying hare, commonly known as the "snowshoe rabbit" not only turns white in winter, but its huge feet are made even bigger by growing a fringe of stiff hairs that serve as wonderfully effective snowshoes.

MINDEN BRANCH OF CANADIAN

RED CROSS HELD ANNUAL MEETING

The annual meeting of the Minden Branch of the Canadian Red Cross Society was held in the Anglican Church Parish Hall Friday January 19th. at 8:00 P.M.

President J.O. Jackson chaired the meeting and after the minutes of the last Annual Meeting were read a number of interesting reports were tabled by the executive. The report of the campaign Chairman for 1967 showed approximately \$1100.00 raised, a little short of our objective. Frank Waters chairman of Red Cross Water Safety gave his report which also showed a keen interest in the swimming classes with a number of children again passing their tests in their different age groups. The report from Mrs. Grace McKay nurse-in-charge of the Minden Red Cross Hospital advises there were 2,651 collective hospital days, 1015 outpatients, 775 x Rays, advisements to no end so it would appear our local hospital was a pretty busy place in our Centennial Year 1967. The following donations were greatly appreciated. One Dia Pump, Instrument table, adding machine and stretcher. One Hoyer Lift from the Late E. A. Rogers Fund. \$335.00 in memory of Mr. Donald R. MacQuarrie. And once again Hand Puppets for the children by Mrs. Flink.

Mark Vasey introduced the guest speaker Mrs. A. Irene Pappin Director, of Volunteer Nursing Services of the Canadian Red Cross Society. Mrs. Pappin showed a film on the operation of the National Red Cross at Geneva, which was highlighted by Princess Grace of Monaco doing the disaster area of Europe, as well as a tour through the Geneva Building and the humanitarian work being done by the National Red Cross Society.

Mrs. Pappin spoke briefly on the work she was doing in the Volunteer Nursing Service and her knowledge of the work being done in local branches of Red Cross Hospitals made her address informal and interesting.

The Officers elected for the Year 1968 were as follows; Mrs. Grace Coburn, President; Mrs. Helen Johnson, Vice President; Eleanor Hall, Secretary, Heather Harrington, Treasurer, Mr. Robt. Krick, Barbara Elder and J.O. Jackson were appointed as Directors.

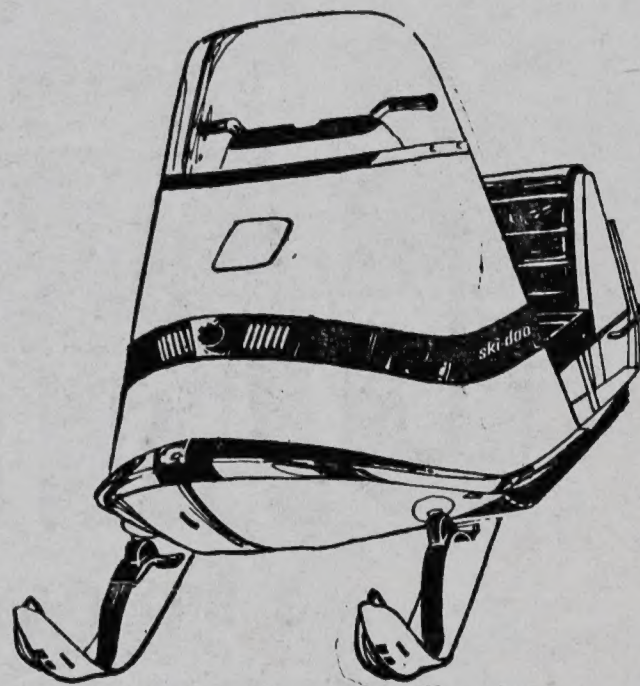

Our new president addressed the meeting on the many aspects of the work being done by Red Cross on the National Level. This assistance would not be available on the scale it is being conducted if it were not for the efforts of the individuals and our local Red Cross Branches.

At the close of the meeting an enjoyable lunch was served.

WHAT DO I DO NOW?

How often do we use this phrase in our daily lives? Something goes wrong with a household appliance, the furnace won't start, an accident happens a child takes ill — and we ask ourselves, "What Do I Do?"

Well, twenty-three residents of Minden and the surrounding area are finding out what to do, in some of these emergencies, by taking a St. John Ambulance First Aid Course. Having now completed their third lesson, they are discovering many things to do at the scene of an accident, or when illness strikes suddenly.

They are finding out how to hold a dressing in place in an awkward spot, like the top of the head, or an elbow. They are learning how to handle a broken leg, or spine, so that no further damage is caused until proper medical help can be obtained. And, perhaps more important they are learning what not to do to an injured person! They learn that well-meaning, but unskilled, people can sometimes cause more trouble for an injured person by improper handling, or by trying to do too much. First Aid is limited to what can be done, immediately following an accident or sudden illness, in order to preserve life lessen pain and distress and minimize the effects of an injury. First Aiders are not trying to be Doctors, but their knowledge and skills may someday keep someone alive until a doctor is available.

Attending the course are eleven members of the local Fire Dept., who also act as ambulance drivers or Attendants. For them, this is a refresher course, having taken the St. John course in 1964 in order to better serve the community. Also on this course are several people connected with the tourist industry, or local business houses, who are preparing themselves to deal with emergencies that might arise among their guests, or customers, or fellow workers. Several high school students (girls) are there as well, and this is most encouraging. Today, when one hears the teenagers being spoken of as "irresponsible" and "shiftless", etc. etc., it is wonderful to note that some are willing to give up part of their spare time to take this type of training, in order to serve others.

Senior First Aid training is available to anyone who is 15 years of age or older, at a very nominal cost. As long as a group of twenty or more people are willing to devote 16 hours of training and examination, St. John will conduct a course at any time. Junior training (11 to 16 years of age) is also available to organized youth groups, such as Boy Scouts, Girl Guides, etc. Anyone who is interested in the training may secure additional information from your local instructor, H. Lloyd Johnson.

ROTARY CORNER

The Rotary Club of Minden had a very interesting speaker on Monday evening in Rev. Thatcher, of the Anglican Church. Rev. Thatcher was born and raised in South Africa, and in 1939 moved to England. In England he worked in the Aircraft industry until 1960. It was at this time he moved into the Ministry.

Rev. Thatcher spoke on the Ministry and the Church, ending his talk with a very humorous story about three ministers.

Bingo Chairman Harry Cowan would like to announce that the numbers called at this weeks bingo are as follows: for the \$250 jackpot, 48 numbers will be called at this \$50 special, 42 numbers will be called.

It was announced that the Kinsmen will hold their annual Anniversary Night on February 23rd. The Rotary Club members along with their friends are invited, to attend. This years Anniversary meeting will be held at Bonnie View Lodge.

Plans are underway for the Minden Club to hold a Tri-County meeting with Haliburton and Fenelon Falls Clubs on May 13th. This date has not been made definite, more on this later.

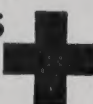

Rotarian Walt Wideman was appointed to the Student Loan Fund Committee Monday Evening, Walter has been a Rotarian for many years and will certainly be an asset on this committee.

We have a couple of Rotarians thinking about taking in the Rotary International Convention in Mexico City. We hope they can make it, they will be sure to have a good time.

The theme of the 1968 Convention will be "Effective Rotary Service Means Personal Involvement."

An interesting item on Rotary was released this week, "Rotary Now In 137 Countries". The recent admissions of the Rotary Club of Djibouti, French Territory of the Afars and Issas and the Rotary Club of Malta, Malta — the first Rotary clubs in those two countries, increases to 137 the number of countries and geographical regions in which Rotary clubs are located.
